

PZM 26 drawbars available from stock

Drawbars of the PZM 26 series from Ringfeder are now available from us!

The PZM 26 series is optionally with Ø 40 mm drawbar eyes (DIN 74054-40A) or with Ø 50 mm drawbar eyes (DIN 74053-50A) available.

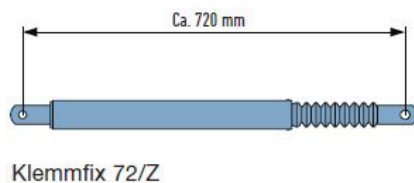

Further dimensions and drawbar eyes upon request.

Characteristics of the drawbars:

- equipped with silent bush
- standard widths (860, 900, 980, 1000, 1100, 1200, 1300, 1400 mm)
- available in various lengths (1800 – 2500 mm)

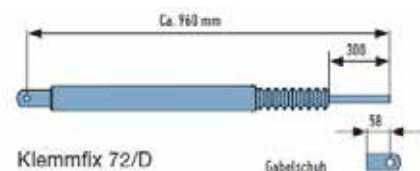

Height adjustment devices Klemmfix 72

The galvanised Klemmfix 72 is a height adjustment device for vertically swivelling drawbars. The drawbar installation can be set to the required height by one person without the need for tools or other equipment.
