

Z15/20

THE RELIABLE WORK HORSE

The standard duty cantilever lift for vehicles with GWV over 12 tonnes.

A robust and sturdy design makes this the economical choice for all heavy vehicles. Comes with powder painted high strength steel frame and platform in different materials, sizes, and options. A robust lift designed to last and to maximise vehicle up time.

- **Sturdy:** High strength steel in lifting mechanism makes this lift sturdy and durable. Rear under-run protection according to the new regulation.
- **Ease of Installation:** Mounting kits for all major truck manufacturers, width-adjustable mounting brackets, three-piece adjustable under-run bar, and pre-installed power pack makes the lift easy to install.
- **Low maintenance:** All cylinders fully protected when lift is in stowed position. Power pack inside mount tube protects the sensitive parts and makes the maintenance quick and simple.

The Z15/20 is very easy to operate and very simple to maintain. It is the ideal lift to support your busy operation.

The Z15/20 is made to help maximise payload
